RISE V WORKSHOP SERIES

APR. 02, 03, 16 & 30 | MAY 14 & 28 | JUNE 25 | JULY 09

ABOUT RISE

RISE – Research, Innovation, Science, and Entrepreneurship is a modular workshop series for PhD students and Postdocs, initiated by the projects Elements4Founding and QCLUB at the Institute of Entrepreneurship and Innovation Science (ENI). In its now fifth edition, RISE is tailored to support you – PhD students and Postdoctoral researchers – in developing your personal career path. Our experienced coaches will guide you through the workshop modules. You are free to choose whether you would like to take part in one, many, or all of the modules. As a PhD student, you will receive 0.25 LP per workshop from GRADUS.

JOIN US IF YOU:

- Are a PhD student or Post-doc researcher, affiliated with the University of Stuttgart or our partner institutions
- Have a general interest in the topic of innovation and science-based spin-offs, or are interested in specific modules
- Want to meet and exchange with peers, experts, and professionals beyond your own disciplinary background
- Are keen to take away skills and knowledge to use in your future career
